

Faculty Position in Speech Processing (Computer Science)

The Department of Computer Science at the National University of Singapore (NUS) invites applications for a tenure-track faculty position in speech processing. The Department enjoys ample research funding, moderate teaching loads, excellent facilities, and extensive international collaborations. We have a full range of faculty covering all major research areas in computer science and a thriving PhD program that attracts the brightest students from the region and beyond. The CS department highlights can be found [here](#).

NUS is an equal opportunity employer that offers highly competitive salaries, and is situated in Singapore, an English-speaking cosmopolitan city that is a melting pot of many cultures, both the east and the west. Singapore offers high-quality education and healthcare at all levels, as well as very low tax rates.

Candidates for Assistant Professor positions should demonstrate excellent research potential and a strong commitment to teaching. Truly outstanding Assistant Professor applicants will also be considered for the prestigious Sung Kah Kay Assistant Professorship as well as the Presidential Young Professor.

Candidates for tenured Associate Professor or full Professor should demonstrate excellent track records in research, teaching and thought leadership.
