Nominees should have published at **ICASSP/Interspeech/speech science** (e.g. ICPhS) or related conferences, and satisfy **two or more** of the following conditions:

- Hold a **Ph.D.**
- Published **at least one journal article** as first author in a speech-related journal (e.g., IEEE/ACM T-ASLP; Speech Communication; Computer, Speech & Language; JASA; Phonetica; Journal of Phonetics; or other comparable journals)
- Published **at least 3 ICASSP/Interspeech/ASRU/SLT or major NLP conference** (ACL/EMNLP/NAACL) papers as first author
- Received **at least 100 citations** on first authored papers
- Have an **h-index of at least 7** and **i10-index of at least 10**
- Be **recommended** by an IEEE Senior Member or Fellow or ISCA / ACL Fellow or current/past Interspeech Area chairs

The record above is typical for most – however the ISCA Technical Committee weighs the collective experience of each individual/nominee in making a final decision.
